ENHANCE THE QUALITY OF YOUR PACKAGED FOODS  
WITH OUR AUTHENTIC INDUSTRIAL STRENGTH CONCENTRATES.

Originally created for chefs to use in fine cuisine, our industrial strength broth concentrates are now available to research chefs and food technologists focused on creating innovative, healthy foods. Our broth concentrates have a robust, authentic homemade flavor that eliminates the need for added fats, salt, and MSG in your high quality packaged foods.

**All products are made from natural ingredients, are clean label and manufactured in the U.S.A.**

## INDUSTRIAL PASTE AND POWDER BROTH CONCENTRATES

**Clean Label (No-MSG, No-I+G, and No-HVP)** Gluten Free, Trans Fat Free and Non-GMO Broth Concentrates are produced by thermal processing of Stocks and Natural Flavors to obtain a concentrated liquid with an intense flavor and aroma. Our products are shelf stable and do not require refrigeration.

**Highly Concentrated Products** With a suggested 1% starting usage level, these core products provide a starting point in your custom soup, sauce, marinade and gravy applications, while the blended products offer time saving complete flavor profiles. Our products can be further processed into easily dispersible powders, for dry seasoning applications.
