**SAVORY CREATIONS**  
INTERNATIONAL

PRODUCT OF USA

## Enhance the quality of your packaged foods with our authentic industrial strength concentrates.

Our industrial broth concentrates have a robust, authentic homemade flavor that eliminates the need for added fats, salt, or MSG in your signature packaged meals.

### INDUSTRIAL PASTE AND POWDER BROTH CONCENTRATES

**Clean Label (No-MSG, No-I+G, and No-HVP) / Gluten Free / Trans Fat Free / Non-GMO / Shelf Stable**

Broth Concentrates are produced by thermal processing of Stocks and Natural Flavors to obtain a concentrated liquid with an intense flavor and aroma. Our products are shelf stable and do not require refrigeration.

#### Highly Concentrated Products

With a suggested 1% starting usage level, these core products provide a starting point in your custom soup, sauce, marinade and gravy applications, while the blended products offer time saving complete flavor profiles. Our products can be further processed into easily dispersible powders, for dry seasoning applications.

ITEM #	SAVORY PASTE PRODUCTS
